

## What Makes America Great?

“We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness...” (The Declaration of Independence)

America- the place immigrants dreamed of; America- land of the free and home of the brave. What makes America great? It could be our religious freedom, where no one will be persecuted for their beliefs. Or maybe it's knowing we have the brave men and women of the Armed Forces are there to protect us. Maybe it's the fact that we're a nation united, one person building another up. The truth is that this and much more make the state's great, that's what I love about my home.

People in some countries have to follow a certain religion. In Saudi Arabia, it is illegal to publicly practice any faith other than the state's official religion Sunni Islam. In America, it doesn't matter what you believe in, you will be treated with equal care to anyone else.

As of last year, America's military was the strongest in the world. Our forces work everyday to protect us, risking their lives for our sake. We owe more than we could give willingly to these brave people. That's all I have to say. I hope you have enjoyed my essay on what makes America great.
