

Registration for the 2017-2018 School Year

Please read the following for the upcoming registration:

- Registration will begin February 1st at 8:00 AM.
- Students will register for a class not a teacher.
- We will only have **one afternoon** class for preschool and pre-kindergarten. It will be a combined class and limited to 12 students. Ms. Wiersma will be the teacher. The fee for this class will be the preschool fee and they will meet 4 days a week.
- You will register for a morning or afternoon school session only. The Child Development Center and the school will determine placement of students who attend both facilities.
- The fees collected are used to support certain parts of our budget. Each year we receive a supplement from our church for \$120,000 plus we have a scholarship program that helps families that need assistance. The rest of our income is generated from tuition and application fees.
 - 1- Application fees are used for the following costs: copier paper, textbooks and workbooks, computer programs, office supplies, postage and the library program.
 - 2- Tuition fees are used for the following costs: Salaries, benefits, professional development, utilities, repairs and maintenance of the building and grounds, bus and van, lawn care and janitorial supplies.

We try to keep our fees affordable while still providing a Christ centered environment with academic excellence. If you have questions or concerns please schedule a time to visit with me.

God's Blessings,

Mrs. Jund
